## There Are Tonics and Tonics

Some are worthy, some are worthless. Beef, Wine and Iron is generally conceded to be the best. But there's a difference—different makes. We handle nearly all makes at all prices, but are sure of the correctness of only this one brand—Our Own Make.

We know the quality of the wine used, we know it has the correct amount of iron in each dose. We know it contains the nutritious beef in proper amounts, and we know there is no purer article on the market.

### BURNED TO DEATH.

Woman and Child Found Roasted to a Crisp Near Sistersville.

SISTERSVILLE, Va., April 5.—Yesterday afternoon the home of James Michels was noticed to be burning by some neighbors and persons went to the rescue. An entrance was forced, and Mrs. Michels and a two-year-old child were found dead on the floor and burned to a crisp, the little one being in the mother's arms. Today there are some serious rumors afloat to the effect that there are evidences of foul play.

Little Muskingum and Fultonburg.  
Following is the result of Monday's election in the two outlying precincts which we were unable to secure Tuesday.

The Seventh of April.  
The Woman's Centennial Association will celebrate the seventh of April Thursday evening at 7 o'clock at the Relic Room. The exercises will consist of the following programme:  
Music—National Airs  
Mandolin and Guitar Club.  
Paper—The Seventh of April and Why We Celebrate It—Miss Muriel Dyer  
Music—Patriotic Song  
Miss Ward, Mr. and Mrs. Bird, Mr. Gates.  
Paper—Early Celebrations and Distinguished Visitors in Marietta—Mrs. T. D. Davis  
Music—Song—The Red, White and Blue  
Miss Ward, Mr. and Mrs. Bird, Mr. Gates.  
Refreshments.  
The Woman's Centennial Association cordially invites the New Century Historical Society, all who have attended the Monday afternoon readings and its friends generally to be present.

Married.  
Miss Stella Cole, second daughter of Captain and Mrs. R. N. Cole, of Warren township, was married Tuesday afternoon, the 5th instant, to Mr. Walter McNeal, of Charleston, W. Va. The wedding ceremony was performed by the Rev. Dr. Nichols, and was witnessed by the family and a few intimate friends. The house was tastefully decorated for the happy event with a profusion of ferns and palms; and the wedding party formed a pretty picture as the vows were given.  
Miss Emma Cole, the bride's sister, and Mr. W. R. Stedman, of Ashville, N. C., attended the wedding couple.  
Mr. and Mrs. McNeal, after a lunch, left over the B. & O. for the East.

The Tie in the First.  
As yet Messrs. Garrison and Marsch, who are tied for Councilman in the First Ward, have arrived at no method of settling the question of who shall receive his certificate. Neither appears anxious to relinquish anything which might be of advantage to his opponent. It is stated that one Garrison ticket was marked with a blue pencil, contrary to law, but the Judges counted it.

In the Keystone's Place.  
The beautiful and recently remodeled steamer Hudson arrived from Pittsburgh on her initial down trip since her lay-up for repairs. The Hudson is running instead of the Keystone State, which is now laid up at Pittsburgh, having a cracked wheel shaft replaced with a new one.

Died of Paralysis.  
Mr. Conrad Wehl died at his home in Watertown on Sunday, March 27th, of paralysis of the brain. He leaves two daughters, Mrs. George Osterle and Mrs. Henry Hopp, and one son, John Wehl. Deceased was a highly respected gentleman and possessed a wide circle of friends.

Boiler Exploded.  
A steam boiler exploded in the Rain-bow neighborhood on Monday, but by great good fortune no one was injured. The boiler belonged to Mr. John Huck and was being used to run a feed mill. The cause of the explosion is not known.

To Continue Business.  
The firm of Hudson & Riggs will continue business in this city. Mr. W. S. Graver, son-in-law of the late Mr. Hudson, will look after the business.

Mrs. Rathbone's Funeral.  
The funeral of Mrs. W. W. Rathbone will be held this Wednesday afternoon at 2:30 o'clock, at the Unitarian church. Interment private.

Mrs. C. W. Lurvey, Modiste, with Otto Bros. Satisfaction guaranteed.

## WINE MADE FROM LEAVES.

Curious Results Obtained by a French Druggist in His Experiments.

Wine growers are much interested in, but somewhat dubious of, a story of a new process of wine manufacture. It seems that a French druggist has conceived the idea that the flavor of the fruit of shrubs and trees is generated in the leaves of these plants, and passes from them into the fruits. The fragrance which the leaves of the black currant bush give off, especially after a little rubbing, and which is so very similar to the taste of the berry, appears to favor this view. The Frenchman, however, goes further, and says that the pleasant taste of the apple, pear or grape is prepared in the leaves of the respective plants, although it may be noticeable in these cages in a less degree than with the black currant. After crushing the leaves he adds a fermenting agent such as yeast to them, whereupon the odorless and tasteless glycoside principle becomes free, which is to impart to the fruit proper its aroma and pleasant taste. What was formerly sought to be accomplished with grapes and other fruits is now claimed to be done in a superior manner with the leaves of the plants in a fermenting vat. Apple tree leaves, for instance, are placed in water containing 15 per cent. of sugar, and yeast is added. As the process advances there is an odor of apples, and when the fermentation is finished and the yeast has settled, a straw yellow liquid is obtained, which possesses the fine "bouquet" of the fruit of the respective tree from which the leaves were taken. The public is assured that "with wine leaves the results are still more profuse. A beverage tasteful and smelling strongly of wine is obtained, and finally brandy may be distilled from it which is similar to the best cognac."

Men Can Outrun Animals.  
For a short distance a lion or a tiger can outrun a man and can equal the speed of a fast horse, but the animal's lose their wind at the end of about half a mile. They have little endurance and are remarkably weak in lung power.

## WE WANT TO TELL YOU

Why Your Back is Lame—Why It Aches And Pains and How to Cure it.

Do you know what it is to have a back that is never free from aches and constant pain—a lame back, a sore back, an aching back, in fact, a back that makes your life a burden? What have you done for it, and does it still keep you from the happiness that perfect health brings to all? We know full well that if such is your condition a cure for it will be a blessing you no doubt desire. Plasters won't do it, but may assist in bringing strength; liniment won't do it, for while it may give temporary relief it does not reach the cause. The cause, there's the point, there's where to make the attack. Most backaches come from disordered kidneys; therefore you must correct their action if you would be cured. People in Marietta are testifying that Doan's Kidney Pills cure "bad backs," and it is not hard to prove their statements. Here is one of them:

Mrs. C. Stufflebean, of No. 630 Third street, says: "I trouble with my kidneys extends back 7 or 8 years, the pain being mostly down in the small of my back, where it hurt to stoop over, or to lift anything. I was always worse when I over-exerted myself or caught cold. I was feeling quite bad when I got a bottle of Doan's Kidney Pills at W. H. Styer's drug store on Front St. They did not only relieve and strengthen my back, and remove other symptoms of kidney trouble, but they seemed to tone my system up and make me feel really better and stronger. I felt a good effect from their use in three or four days and had no use for plasters of any kind after taking Doan's Kidney Pills. I have great confidence in them."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co. Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no other.

## NO MAP OF UNITED STATES.

A Possible Explanation of a Bermuda Boy's Ignorance of American History.

"The school children of the Bermudas know nothing of American history," says a New York woman who has just returned from Hamilton, according to the Sun. "One day I stopped and talked with a bright little colored boy on the street. The Bermuda negro, you know, is superior in intelligence to the southern negro of this country. He has neither the thick lips nor the flat nose of our American negro. His superiority is accounted for by the fact that he has in his veins the blood of the Indians captured in King Philip's war and taken as slaves to the Bermudas."

"Do you go to school?" I asked the boy.

"Yes'em."  
"Who owns these islands?"  
"England."  
"Who rules England?"  
"Queen Victoria."  
"Where are the United States?"  
"South of Canada."  
"And do you know who is president of the United States?"  
"Yes'em; George Washington."  
"When I had visited one of the little schools at Hamilton I did not wonder that Washington was the only American president the boys had heard of. On the walls were maps of every important country in the world but our own, and I found that the teachers said as little of the United States as they could."

## The Trolley Car's Uses.

The trolley car has been utilized for all sorts of local announcements, with excellent results, especially in small communities, doing in its way much of the work that the old bell ringer was supposed to exist for, says the Pittsburgh Dispatch. On rainy days a village car will often save the school children a useless tramp by carrying a placard with the inscription on, "No School To-Day," and in some places the local weather bureau now notifies the road of prospective meteorological changes, and the cars, as they go out of the car barn mount the appropriate signal in the shape of a flag flying between the trolley pole and the car. People can thus tell by a glance at the passing car whether to carry an umbrella or not, and what sort of an overcoat to put on.
